

The amendments made below are not to be considered as Applicant's admission that such are necessary to avoid the listed prior art. Rather, unless otherwise noted, any limitations are made for the sole purpose of expediting the processing of the application. No new matter has been added.

IN THE ABSTRACT

OK
3/20/99
AL

NP.

On line 3 of the paragraph, replace "have" with "has".
On line 6, insert "minimum-travel-time-" between "a)" and "drivable".

A replacement abstract is attached.

IN THE SPECIFICATION

AD

Applicant respectfully requests that the following changes be made to the specification on the pages indicated:

On page 3, line 29, after "numbers" insert "the drivable distance being that over which a hypothetical vehicle travelling at the posted maximum speed limits would require the least amount of time to travel between the enforcement units (herein referred to as the shortest-travel-time-drivable distance)".

On page 4, line 27, replace "landscape" with "perspective".

On page 5, line 12, insert "device" after "Recognition" and before "(described";

in line 24, replace numeral "43" with "45";

in line 25, replace "enables" with "enable";

and in line 30, delete the comma after "36".

On page 6, line 16, insert "when moisture is detected" after "intervals".

On page 7, line 29, delete numeral "108"; and

in lines 31-34, delete the sentence beginning with "This" and ending with "line" and the sentence beginning with "However" and ending with "comlink", through the end of the paragraph.

On page 8, line 25, delete "minimum" and after "distance" insert the phrase "i.e., a shortest-travel-time-drivable distance"; and

in line 30, delete "minimum".

On page 9, line 9, after "The shortest", insert "-travel-time-drivable-"; after "distances" insert "(over which a vehicle may travel", and after "to another" insert "in the shortest amount of time".

On page 10, line 29, replace "minimum paved" with "shortest-travel-time-drivable-";
